

The Quarterly Momentum Accelerator

Stop Guessing. Start Closing. Your Qtr Action Map is Here.

Our Promise

Stop the guesswork.

Through a single, focused deep-dive session and a summary report, we deliver two things:

1. We pinpoint the 3-5 core issues holding back your Year-to-Date performance.
2. We map out the critical Q4 priorities required to finish 2025 on a positive, profitable note.

Step 1: The Quick Prep Checklist

To make sure we get the most out of our time, we start with a little homework. We'll send you a Quick Prep Checklist asking for the 3-5 key numbers we need. This usually includes a high-level money summary (how much you've made and spent this year), your original goals, and a quick snapshot of your current sales leads.

The Client Action: You provide this key info 48 hours before our session.

The Result: We spend zero time hunting for data. We dive straight into the important discussion and skip the filler.

Step 2: The Focused Strategy Call

This is a focused 90 to 120-minute strategy call with you. This isn't just a chat, it's a structured review where we dig deep into the real reasons things didn't go as planned.

The Strategic Value: We lead the conversation, questioning any assumptions and cutting through surface-level issues to find the 3-5 core problems that are truly slowing down your business.

Step 3: The Qtr Action Map

Within 5 working days after of our call, you get your personalised, high-value report: the Qtr Momentum Report. This report takes everything we talked about and turns it into a clear, solid plan.

The Deliverable: This is your Qtr Action Map, complete with:

1. A simple breakdown of the 3-5 main problems we found.
2. The critical Qtr priorities required to hit your future goals.
3. Clear, simple Next Steps to start acting right away.

The Investment: Your Path to a Positive Close

You're already investing your time, energy, and money into your business. The Qtr Momentum Accelerator is simply the investment that ensures all those efforts actually lead to the results you want this year. This is a high-value, fixed-fee commitment—not an hourly expense—designed to deliver a maximum return on your strategic focus.

€ Fixed Fee, Maximum Clarity

We offer the Qtr Momentum Accelerator at a fixed fee of **€1,497.00**. This price gives you total clarity: one fee covers all three steps of our process, from the Quick Prep Checklist to the final Qtr Action Map.

Why a Fixed Fee?

- No Surprises: You know the cost upfront. No extra billable hours, no scope creep.
- Low Risk: The investment is minimal compared to the cost of missing your future goals due to lack of focus.
- Rapid ROI: By focusing your team on the right 3-5 priorities for 90 days, the investment often pays for itself many times over through recovered revenue, optimized spending, or increased momentum.

The Outcomes:

This isn't just a report, it's a strategic intervention designed to shift your momentum before the year ends.
